Homesteader

1920⁴ The opening of further tracts in the forfeited O. & C. land grant to homestead settlement is attracting the attention of the land hungry of the nation, and thousands will be attracted to Oregon to investigate the lands. Not all who come will settle on these tracts, but many who do not find fortune in that direction will become interested in other lands, and there will be a great stimulation in land movement. These visitors from the east are not going to return from the west once they have seen the advantages offered for home building here.
